Arts Mark	Role play and performances are used throughout the PSHE Curriculum.					

Building on prior learning	Over the course of the year we build on the content covered in Year 7 and develop students knowledge in the government recommended core themes of: health and wellbeing, sex and relationships and living in the wider world (economic wellbeing, careers and citizenship).
Enrichment within the Curriculum	Students also have one form session of PSHE a week through the Votes for Schools platform. Some assemblies will have a PSHE focus and build upon the themes discussed.
Extracurricular opportunities	
Positive impacting on personal development (SMSC)	Over the course of the PSHE curriculum students will develop a deeper understanding of the following issues: families, respectful relationships including friendships & staying safe online. They will also understand what it means to be a British and global citizen.

Preparing for the next stage of education	Allows students to be aware of potential barriers to development and provides advice on how to stay safe in a modern British society.
Ways to support your child's learning	Praise for effort rather than being 'clever' shows them that by working hard they can always improve
Visits and trips Websites / books / papers / magazines TV/Films Blogs/ podcasts
